

Children's Hospital of Richmond asks the General Assembly to

Make the Finest Pediatric Care Today, Accessible Tomorrow

Ensure All of Virginia's Children Grow Up Healthy and Reach Their Full Potential

- **Children's Hospital of Richmond is an Indispensable Regional Provider** who serves all children, especially the Commonwealth's most vulnerable.
- **Children's Hospital of Richmond offers state-of-the art, advanced medical practices** to provide care that is both cost effective and high quality.
- **Children's Hospital of Richmond pioneers community-based pediatric training**, advancing the quality of pediatric education across the region.
- **Children's Hospital of Richmond is vital to the health care of children insured by Medicaid**, providing almost all of the care for Medicaid-covered children with complex conditions.
- **Virginia's children need Children's Hospital of Richmond and a robust pediatric workforce**, with equitable reimbursement for the delivery of health care, including improved Medicaid payments.
- **Medicaid and Children's Hospital of Richmond are safety nets** providing a full range of inpatient and outpatient services including primary, specialty and emergency care.
- **Continued Medicaid cuts impede Children's Hospital of Richmond's crucial role** in the community and hinder the ability to create jobs and care for children.

Indispensable – Unparalleled – Robust
